The Honorable Peter Frelinghuysen  
House of Representatives  
Washington 25, D. C.

Dear Peter:

It seems to me the time may be ripe for us to volunteer an updating on the Agency. I find that you busy Congressmen conserve your precious noon hours for legislative matters and therefore I wondered if in the waning weeks of this session you mightn't be interested in coming out for breakfast at the building and allowing me to convene some of my colleagues in taking you through our organization chart. I realize that you might prefer to do this at the start of the next session and we would be happy to issue a rain check, but if you are interested now we will be delighted to do it. If you will get one of your girls to give my office a ring at  we can set it up almost at any time.

STAT

My very best wishes as always,

Sincerely yours,

s/
